

NO. 2535

ANOTHER Line of Famous and Famous Writers of
A volume, received and available at
JANUARY & NORMAN'S

A Good Story.—We have seldom been more amused than we were a short time ago, by a story related by one of our police officers. A man by the name of William H. Sparks has for a long time been under arrest for a high crime, an attempted outrage upon a female. The case, after lingering along from term to term, was finally disposed of at the last session, by an order from the Court to enter a *nolle prosequi*. Officer House, who is a shrewd fellow, told Sparks that he was discharged, but get rid of him entirely. The business being entrusted to him, House whispered to officer Kenyon, who at once took the hint. Sparks came into court dressed in a fine suit of clothes, and looked very much like a gentleman. Kenyon took him by the arm and said, "you can't be tried yet, so you will go back to jail." Going down stairs, Sparks said, "What do you think they will do with me?" "Why," said K. "they will give you ten years." "That is what I expect," replied he. "Can you run, Bill?" "Well, now Bill, you start and I'll run after you, but will not overtake you" and then I'll tell them you escaped." No sooner said than done; off went Sparks as fleet as a deer. K. jumped on the steps and laughed heartily, exclaiming, "by gracious see him run! see him run!" and then he would laugh as if his sides would crack. In the mean while away went Sparks and was finally out of sight. Presently the officer scratched his head and slapped his thigh. "There," said he, "wasn't I a fool to let that fellow go; he's gone off with Adam Goodfellow's new suit of clothes on, by thunder!"

The scamp had borrowed Adam's suit to appear in at trial.—*Syracuse Star*.

First class in philosophy—step out—ehet your bugs—John Jones—how many kingdoms in nature?

"Four."

"Name them!"

"England, Ireland, Scotland, and Wales."

"Pass to next—Smith."

"Four—the animal, vegetable, mineral, and kingdom comes."

"Good, go up head."

"Hobbs—What is meant by the animal kingdom?"

"Lions, tigers, elephants, rhinoceroses, hippopotamuses, crocodiles, monkeys, jackasses, hucksters, and schoolmasters."

"Very well—but you'll take a kicking for your last remark."

"Giles—What is the mineral kingdom?"

"The hell of Califroney."

"Walk straight up head."

"Johnson—What the vegetable kingdom?"

"Garden sarses, potatoes, carrots, ingens, and all kind of greens that's good for cooking."

"And what are pines and hemlocks, and elms—ain't they vegetables?"

"No air—no—you can't cook 'em—there's no logs, and fruit in 'em."

"Boys, give me a piece of apple, and you can have an hour's information—except Hobbs"—*N. Y. Spirit of the Times*.

FIRE IN A GRAVE-YARD.—On Saturday night last a fire broke out in the Baptist grave-yard, on Catherine street, Cincinnati, in a small frame building at the rear of the sexton's house. The Gazette says: "The fire extended to the general vault, where bodies are temporarily deposited, previous to interment, and while the element was devouring the roof of it, the firemen carefully, but quickly, removed the corpses out of danger. Had it not been for the promptness of the firemen, the Church would have been destroyed. The scene, while the bodies were being quietly carried out, and the fire raging above them, produced feelings which are scarcely expressible."

WHAT'S THE ROW.—In the accident that happened on the Central Railroad the other day, the British mail car was thrown off the bank along with the engine and tender. The British mail agent was asleep in his car at the time, and being somewhat surprised on waking up to find himself in the river, about forty feet below the track, called out to the passengers above for an explanation! "I say, gentlemen," said John Bull, with a look of perplexity, "what's the row?"—*Post*.

"Easy, boy, whose horse is that you're riding?" "Why it's daddy's!" "Who is your daddy?" "Don't you know I, Uncle Pete Jones?" "So—you are the son of your uncle?" "Why, yes, I calculate I am. You see, dad got to be a widower, and married mother's sister; so I reckon he's my uncle."

A Southern paper says that "all the ladies are for Union—to a man."

HENRY B. ANTHONY,
OF PROVIDENCE.
FOR DEPUTY GOVERNOR,
THOMAS WHITTLE,
OF COVENTRY.
FOR SECRETARY OF STATE,
CHRISTOPHER E. ROBBINS,
OF PROVIDENCE.
FOR ATTORNEY GENERAL,
JOSEPH M. BLAKE,
OF BRISTOL.
FOR GENERAL TREASURER,
STEPHEN CAHOONE,
OF NEWPORT.

The Fate of Mrs. Miller.—We have received from Washington, a communication from the friends of the unfortunate Mrs. Miller, wife of Maj. J. H. Miller, of the U. S. Army, which we would gladly publish in the form it is written, but deem it imprudent to do so. We will, however, publish such portions of the communication as may tend to partially accomplish the object in view, and perhaps lead to the unravelling of this terrible mystery.

The document commences by stating that "the friends of the unfortunate lady who disappeared at the falls of Niagara, on the night of the 26th of November last, and who at the time was supposed to have committed suicide, have, for more than three months been in painful uncertainty, and in still more painful apprehension, in regard to her real fate. They have further ascertained, with precision, that a young man calling himself Henry C. Baker, said to be from Winchester, Va., with the person who was at the falls of Niagara before the arrival of the lady in question at Buffalo, and who landed a note to her at the car house in that city, where she landed. That he was the person who engaged a buggy and pair of horses in Buffalo on the afternoon of the 26th of November, and proceeded towards the Falls with them; that he was the person who returned with a lady the next morning before day, and proceeded in the cars with her to the eastward. Such, they state, has been, and still is the connexion of his name with that of the unfortunate lady in question, which has induced her friends to follow in the hope of being able to overtake him, and obtain an elucidation of the mystery; and they state that, although no two men have been recognized in various sections of the country, and must have seen the statements in the newspapers, he has, by his silence, sanctioned all that has been said against her reputation, and done nothing, if in his power, to clear himself from the charge made against him, or to relieve her friends and family from the seeming uncertainty as to her fate, which has tended still further to increase the feeling of mystery and dejection which her disappearance naturally caused in her domestic circle."

The statement further appeals to the public, in all parts of the country, to assist and co-operate with her friends in the restoration of the unfortunate lady, if she be alive, to her parents and children, and her friends further pledge themselves to indemnify any officer or person who may assist them in so doing. Mrs. Miller is described by her friends as being "small in person, about four feet eight or nine inches in stature, with dark eyes and dark hair, and a complexion inclined to brunette, with a youthful look."

We would call the attention of the ladies to the large assortment of Bonnets now opening at FRANK'S, among which are some new and rich styles, such as the "Lamartine," "Hungarian," "Fancy Tulip," &c., he also manufactures bonnets from the latest patterns, and his beautiful styles are universally received as typical of the prevailing fashions.

COURT MARTIAL.—Colonels Gates, Bolton, Wright, Webster, Bonville, Reynolds, Norman and Conner, and Majors Morris, French, Sedgewick, Whitney and Hays, of the U. S. Army, were at Castile Barracks, holding a Court Martial to try Major Sanders, who had been stationed there, on certain charges of neglect of duty.

The Free Soil Convention which was held in Providence on Wednesday, nominated Edward Harris for Governor, and Benjamin B. Thurston for Lieutenant Governor.

Those who have visited the Silk and Shawl Store of Messrs. Jewett & Prescott, in Boston, are doubtless aware by this time that it is not advertising alone that makes that Establishment so popular. On the contrary it is the excellence of its goods, and the probability of their being purchased at low prices, and a determination on the part of Messrs. J & P. to make their customers at home, and satisfied.

CONGRESS.
WASHINGTON, Wednesday, P. M.
In the Senate, to-day, Mr. Foote's resolution for a committee of thirteen came up. Messrs. Baldwin, Benton, and Webster, hoped that the proposal for admitting California, might be acted upon separately from the territorial question.

Mr. Clay addressed the Senate, and agreed with Mr. Foote respecting the evil tendency of some portions of Mr. Calhoun's speech.

Mr. Calhoun and others explained.

Mr. Davis, of Mississippi, said to be the effect of the present legislation, that the dissolution of the Union was near at hand.

Misses Butler and Davis opposed the adoption of Mr. Foote's plan of a committee at present. The subject was then postponed until to-morrow.

The census bill was made the order of the day for Friday.

The California message was then taken up, and Mr. Douglas spoke at length, advocating non-intervention on the subject of slavery. Mr. D. gave way to a motion for adjournment, and will conclude his speech to-morrow.

In the House, Mr. Thompson, from the Judiciary Committee, reported a bill for an additional judicial district in Eastern Texas, and asked that the bill might then be taken up on its passage. Mr. McClelland and others, opposed the passage of the bill, chiefly on the ground that it might involve a commitment on the Texas boundary question. The subject was debated one hour and finally referred to the Committee of the Whole.

In Committee of the Whole, Mr. Andrew Johnson introduced a resolution instructing the Committee on Territories to report a bill for the admission of California as a State; to legalize the provisional governments formed by territories; also to provide for the retrocession of the District, and for the recovery of fugitive slaves. Said over.

The special order, *the California Message*, was then taken up. Mr. Disney spoke principally on the constitutionality of territorial legislation.

Mr. Hubbard, of Vt., obtained the floor when the Committee rose, and the House adjourned.

NAVAL.—The steam frigate *Saranac*, recently launched at Portsmouth, N. H., has been ordered to the East India Station, and Commander Tait will take the command, with a commission as Post Captain. She will stop at Boston and New York, on her way down the coast.

Commander Gerry is to relieve Commander J. Abbott in the command of the receiving ship *Franklin*, at Boston.

Captain Cunningham has been ordered to superintend the construction of the *Irving*, one of Mail Steamers at New York. His place as commander of the ordinary at Norfolk is to be filled by Commander John Rusk.

The Senate has confirmed the nominations of Lt. Henry W. Morris and Lt. Isaac G. Stewart, to be Commanders in the Navy.

DEATH OF HENRY CLAY'S BROTHER.—Died at the city of Camden, Arkansas, on the 10th ult., in the 71 year of his age, Rev. Porter Clay. Like him he was, in all the attainment of education, self made. Although his career was less known, he was distinguished and endeared to the circle of his acquaintances by his quiet and unobtrusive virtues, by his perfect uprightness of conduct, and by his fervent devotion, in and out of the pulpit, to the Christian religion.

Important Discovery in Oregon.—The great increase of commerce between Oregon and San Francisco has led to the discovery of a new and fine passage to the mouth of the Columbia river. The southern pass, as it is called, has heretofore been represented to be impracticable. It conduces to the interests of export parties to make this representation. But, a short time ago, a ship was anchored in the river, and in dragging her anchors during a gale, she was carried by force of wind into this southern entrance. The officers of the vessel, finding that she was, as they supposed, in a critical position, strung away her masts and departed her. Strange to say, the hull floated on safely through this dangerous pass, and went out to sea.

Subsequent to this a French vessel, not being able to obtain a pilot, and finding the southern pass to all appearances by far the best, struck in and felt her way along slowly with the lead. If we are informed rightly, the least water which they found was six fathoms.

Singular Circumstance.—A few days since, as a young man was strolling, two partridges flew across the road, and immediately afterwards two crows. Each crow lifted his bird, and the young man picked them up; so he put his game, and saved his powder.—*Northampton Gazette*.

For many years a settlement of gipsies has existed at Bixby, and along the southern coast of the Mississippi, in Louisiana. They have subsisted by catching fish and oysters, and maintain, in all respects, their habits of the most savage and nomadic life.

John C. Calhoun will be 65 years old next Monday.

WASHINGTON, Tuesday, March 13.—**Mexican Boundary.**—Col. Weller.—Confession of the Marshal of Texas.—The Department of Interior has received dispatches this morning that suspend for a year the running of the Mexican boundary line. Col. Weller pocketed his recall, refused to recognize it, and prevailed upon the Mexican Commissioners to adjourn all further operations in running the line until November next, when the Commission should then meet at El Paso. This, of necessity, suspends the work for a year to come. The department is much excited about it. The Senate has confirmed Mr. Bates as Marshal of Texas today.—*Tribune*.

FROM THE Isthmus of PANAMA.—The British 81 gun ship *Asia*, bearing the broad pennant of Rear Admiral Palfrey, arrived at Panama on the morning of the 18th instant, from Callao, and during the day exchanged salutes with the battery. The *Asia*, it is said, had on board 750 soldiers, and in a few days, was to sail for the Sandwich Islands. The French frigate *La Barroque*, 23 guns, arrived on the same day, bound for the same destination.

It was reported that some five or six men of war, both French and English, would arrive in a few days afterwards.

The *Panama Echo* vouches for the fact that there is gold on the Isthmus, and in large quantities. It states that a number of years since mines were discovered in the province of Derangus, about four days' travel from Panama, and after being worked a while, were abandoned in consequence of the natural apathy of the natives, and their disinclination to labor.

About five leagues beyond San D. in the *Chiriqui* do Indios, inhabited solely by Indians, who never approach Panama, and are said to possess much gold. One league nearer Panama is the village and river Mariposa, whence the finest gold dust is procured, 23 carats fine, which sells in Panama for \$18 per ounce.

Military Academy.—We understand that the following young men have been appointed Cadets by the President of the United States, for this year from the list at large:—

Win. Croghan Jessup, son of Major General Jessup, of the Army.

Win. C. Nicholson, son of the late Commodore Joseph J. Nicholson, of the Navy.

George A. Gordon, son of the late Commander Gordon, of the Navy, who died in service on the coast of Africa.

George W. C. Lee, son of Col. R. E. Lee, of the Corps of Engineers.

McKen, son of Col. McKen, of the Kentucky Volunteers, killed at Buena Vista.

Wood, son of Dr. Wood, of the Army.

Win. P. Drum, son of the late Captain Drum, killed in front of the gates of the city of Mexico.

John R. Simard, son of the late Captain Simard, of the Army, who died of disease contracted in Mexico.

Manuel White, Jr., of Louisiana.

Hillard, of Alabama.

Nat. Int.

MARRIED.
In Providence, 8th inst., by Rev. Mr. Allen, Henry D. Turner, of Pawtucket, to Miss Mary J. Madison, of Providence.

DIED.
In Providence, 11th inst., Mrs. Mary Newman, aged 69 years.

BARBER & BOONE,
4 and 6 Market square.

SAVE YOUR MONEY.
THIS IS THE AGE OF HUMPHREY!
TO CONSUMERS OF FLUIDS, PATENT OILS, CAMPHENE, &c.
I have made it, and still make it, for a person to take, and write an advertisement pointing out to any one that they may happen to have to fill, and pointing out that their neighbors, which they know to be quite as good as their own, and in many cases, better. But such is the character of the age we live in, that the public has been so galled up by lies, that they know just what weight to attach to them. I believe that advertising, when not abused, to be a useful thing, but, like many other things, it must be conducted with care.

Good! Good! Good!

We would say to all, use your own judgment—it is the only alternative.

I have the following articles, which is the best, cheapest and cleanest; if any Oils or Fluids are used, for producing a brilliant light—

Burning Fluid,	70 cts. per gallon.
Pine Oil,	70 "
Camphene,	60 "
Phosphene,	70 "
Patent Fluid,	70 "
Williams's Pine Oil,	60 "
Double Pine Oil,	60 "

And all the other Oils. We are daily receiving fresh supplies of the above kinds of Oils, and the best of the largest Manufacturers in the country, and we defy all competition in price or quality. We expect that others have as good articles as ours, but we know that none have a better or a cheaper. Now, in one instance, has there been a complaint brought against it, and not one family that has given it a trial, but what continues to use it in preference to all others.

A large Lamp of every description for burning each of which, I am Agent for the Manufacturers, and will sell at their prices. We have Tubey, Cones, &c., and every article ever called for, kept in a Lamp store; and we advise all that desire a brilliant and economical light, to give us a call, and they will find us ever ready to fulfill our promises to the letter.

HENRY H. YOUNG,
Dark Saloon.

IMPORTANT DISCOVERY!!
STAMMERING OR STUTTERING
CAN BE CURED.

MESSES. HARMON & WILLSON, respectfully offer their services to those afflicted with impediments in speech, with the fullest confidence, acquired from extensive experience, that they can effect a radical cure by the application of principles derived from a scientific analysis of the Human Voice. Our system is unlike any ever presented to the public. Individuals who have submitted to surgical operations, and have attended schools established for this purpose both in this country and Europe, we have cured in short time, and they have unanimously expressed the opinion that relief can be obtained in no other way than that proposed by us.

So confident are we of the success of our system, that we demand no remuneration until the desired satisfaction is given.

Certificates of Cures, and References can be seen at our Rooms.

PELLHAM ST. HOUSE, NEWPORT.
Mac 12 & 13

LANCASTER GINGHAM.
HAVING made arrangements with the Manufacturers of Lancaster Gingham, to be supplied with all their New Styles, as soon as they are made, we shall have constantly on hand a full assortment. We have just opened several cases, and would call the attention of the public to them. When it is considered that they are made for durability, the colors are permanent, and they are sold at so low a price, we believe it will be found that no article of DRESS GOODS is so cheap to the purchaser.

DANIEL & CO.,
No. 219 Washington Street, - Boston.

NOTICE.
Wm. H. DUREE, offers his services to his friends and the public generally, in a Paper Wrapper, and is generally attended to. He is located, No. 10 Cannon street. Mac 13

FACTS TO BE REMEMBERED.
CONSUMERS OF PATENT OIL, PINE OIL, BURNING FLUID AND CAMPHENE, will find it to their interest to call on the undersigned before purchasing elsewhere, for three simple reasons—

1st. Because we always have on hand and are daily selling large quantities of the ONLY PATENT OIL, for tubey lamps, that is sold in Newport, for the sale of which, we are the only Agent, and which is, beyond all doubt, the best article for Family use ever introduced, for a brilliant and Cheap Light. It burns free and brilliant—free from greasy smoke or smell, and will not clog or soot, and is sold at 70 cts. per gallon.

2d. THE PINE OIL AND BURNING FLUID furnished by us, is the best and purest article manufactured in New York and Boston, capable of burning as long and as bright as any other article of its kind, and being sold in the most flattering manner, as being a cheap and clean light, and sold at 70 cts. per gallon; and the Pine Oil, for burning in Williams's Patent Lamps, for 60 cts. per gallon.

3d. Through fact and test of all cases, REFINED DOUBLE REFINED CAMPHENE, which is acknowledged by all to be the best and cheapest article for light. It has stood the test of the community for the last five years, notwithstanding the many attempts to cut it off by introducing an inferior article from New York and Boston. The superior advantage ours has over Foreign Camphene is, that it is still fresh twice a week, and consequently it will not smoke or crust the wick, like an article brought from abroad. Thus, we furnish the public with an article from which they can obtain any quantity of light, (equal to Gas), at one-third of the expense, and at such a time as they please, and free from smoke or smell.

All the above are FACTS, for which we hold ourselves responsible to the letter, and we solicit our trade, our reputation, and our sacred trust.

Also, Lamps of every description for burning the above, for which we are Agent for the Manufacturers, and will sell at their prices. Working Tubes, Cones, &c., &c., and in fact, we keep the very latest and best of everything respecting the cheap Light system. Therefore, we say to every one that desires a brilliant and economical light, to call on the undersigned before purchasing elsewhere.

TO THE PUBLIC.
NEW, IMPORTANT & VALUABLE MEDICINE.
POTTER'S LINIMENT,
OR, External Remedy.
RHEUMATISM CAN BE CURED!
THIS invaluable remedy, which has entirely cured hundreds in this vicinity of the most excruciating of all complaints, Rheumatism, is now offered to the public with such confidence that it will do all that is promised for it. As a safe, certain and speedy medicine for Rheumatism, Lumbago, Tic Dolorous, Headache, &c., it has never been and it never can be surpassed. Let those who doubt this, call upon the proprietor, who will satisfy them at once of the perfect truth of these statements. The External Remedy is itself a new medicine, and never was used in this country until introduced by the proprietor. As an alleviator of that class of diseases which it professes to treat, it is destined to win a measure public favor. To suffer with Rheumatism when relief is at hand, is the height of folly.

For sale Wholesale and Retail by WARREN B. POTTER, cor. of County and Keaton streets, New Bedford, and R. J. TAYLOR, of Newport; John Steady, Portsmouth; Oliver Hicks, Truro; Henry T. Brown, Little Compton, and by Druggists and Dealers generally, throughout the United States. Mac 13

DANIEL & CO.,
BOSTON.

REMOVAL!
WE would respectfully inform our Customers and the Public, that we have removed from our old stand, to No. 219 WASHINGTON STREET, (between the Marlboro' Hotel and Winter's). Having now one of the largest Stores in the City, we shall be enabled to show a more extensive stock of RICH SILKS, LONG & SQUARE SHAWLS, and DRESS GOODS, than we have ever before offered. We have now received a large lot of our Spring and Summer Goods, but shall continue to receive New Goods upon the arrival of every French and English Steamer, throughout the season. We keep every article wanted in Families, —Linen, Quilts, Blankets, Cottons, Flannels, —HOUSEWIFE ARTICLES, —and Mourning Goods.

As we import part of our Stock, and are always ready to take advantage of the New York Auctions, when Goods are offered, we feel sure that we can always offer our Goods at as low prices, as can be obtained elsewhere, without any sacrifice of quality.

THE LOW PRICE SYSTEM will still be adhered to, as many years' experience satisfies us that it is the fairest, and therefore the most satisfactory to purchasers.

We hope, by constant personal attention to our business, to merit the patronage we have so long received at our Old Stand.
